## HOT OFF THE PRESS MESSAGE FROM WTTC PRESIDENT

Dear Members,

It's finally Spring. And with that comes beautiful weather, flowers and trees starting to bud and our Shrimp Feast. We are set for Friday, April 23 at a new hall (to us) in Parkville. Check inside for more details.

Please make your best effort to attend, bring family and friends and offer a helping hand to Judy and her committee who have been hard at work planning this great event for all of us.

And get ready for our Working Women's Luncheon. This will be on Saturday, May 8. Pam and Maggie are chairing this and will be back to us soon with details. Remember that at this luncheon we honor our own Woman of the Year. The criteria for selection are enclosed in this newsletter. Please take a moment to nominate a worthy member.

I want to extend special thanks to Mary Lusher and her committee who put together a fun fundraising Quarter Auction. We had a great turn out from our club and made a lot of money for our Scholarship. Now we have the challenge of giving that money away. Please encourage your co-workers, family, friends and yourself to apply for a scholarship. How can you go wrong with free money? Luanne is ready and waiting to receive you application.

Please stay tuned to your emails. We have a lot more to come before Summer gets here.

As always, thanks to each and everyone one of you for your tremendous support of our club.

Mary Jane Norris

## WTTC's Hope for Tomorrow

### Relay For Life – June 5-6

Again this year our team WTTC's Hope for Tomorrow will be participating in the CCBC Dundalk Relay for Life. We are still looking for family and friends to join our team.

The event will take place on June 5 - 6, 2010, Saturday 6 pm - Sunday 6 am. I am looking for our members to please join our team this year. Please go to [www.relayforlife.org/dundalk](http://www.relayforlife.org/dundalk) and click on our team to join. You can join as individuals or please get your entire families involved as this is such an rewarding experience for all of you.

*A special thanks to everyone who has joined our team.*

Relay for Live represents the hope that those lost to cancer will never be forgotten. That those who face cancer will be supported, and that one day, cancer will be eliminated. Cancer has touched my life personally. I have lost friends and family to cancer and have been blessed with cancer survivors. You can help. As your donation is most welcomed, but what I really would like to see is every member of the club to join our team. It is so easy all you have to do is follow the link to sign up and you can sit at your computer and let the software do the work for you, all you have to do is put in the e-mail addresses of your family and friends. I am offering a personal challenge, let me be the first e-mail address that you send for a donation to get you started. My e-mail address is [dpachilis@aol.com](mailto:dpachilis@aol.com).

*Together We Can Make A Difference!!!*

Thanks and regards,

Diane Pachilis

## Health Corner - Facial Fitness Exercises by Anna Lynn C. Sibal

Being beautiful on the outside is all about keeping the face young and looking healthy. We know that the absence of wrinkles and sags, as well as having taut, toned, smooth and glowing skin are the signs of youthful and healthy beauty. Some go through so much just to maintain the vigor and agelessness of their faces, so much

that they would spend a fortune on face lifts and other procedures that would keep them looking as close to 18 years old as possible.

There is, however, an inexpensive way of retaining youthful beauty, and that is through observing a regular facial fitness routine - that is, exercising the muscles of your face. The idea behind facial fitness is similar to the principle of doing a body workout: by exercising, you build up the muscles of your body and keep them toned and firm.

In case of the face, by exercising the facial muscles regularly, the muscles will be lifted enough to remove the sags, and the skin - sunny glow will be smoothened enough to remove the wrinkles. The blood circulation to the face will also increase with facial exercises, enabling the tissues of the face to repair themselves more quickly.

Maintaining a regular facial fitness routine is easy. It only takes a few minutes of your time and it can be done while watching television or waiting for the stoplight to turn green when driving. Here are a few sample exercises for different areas of the face.

**Forehead.** This will smooth down the wrinkles of the forehead. Place your fingers just above your brow. Then, with your fingers, pull the skin down. At the same time, try to raise your eyebrows. Repeat this ten times.

**Cheeks.** Form an 'O' with your lips and try to push them forward as fast as you can. Then release the 'O' and smile as widely as you can. Repeat ten times.

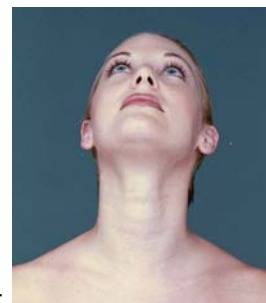

**Eyelids.** To deal with crows' feet at the corners of the eyes, put the thumbs at the corners of the eyes and then shut your eyes tightly. Then, with your thumbs, pull at the skin towards the forehead. Repeat this ten times.

For sagging eyelids, hold your index fingers close to the brow bone. Afterwards, raise your eyebrows. At the same time, try to close your eyes. Again, repeat this ten times.

**Lips.** Push your lips outward in a pout as far as you can, then smile. Or you can suck on your finger as hard as you can. Once again, repeat ten times.

**Neck.** Arch your neck backward and place your hand on your neck just under the chin. After that, let your hand slide downward and push at your collarbone. An alternative to this one would be to push your lower lip outward as far as you can and tilt your chin up toward the ceiling, resting the hand against the collarbone as you are doing so.

**Chin.** Push your lower lip upward as high as you can. You can also press your thumb on the bone just under your chin and then push your tongue against your lower gums as if it is trying to meet your thumb. Another thing you can do is to tilt your chin up and massage the flesh under it with your thumb with strokes directed towards your neck. These exercises will take care of the double chin.

Ladies, another Chin exercise is to pretend you are shaving. Ever notice most men (who shave) managed to avoid a double chin? They exercise those muscles every day. Pull your chin out to tighten your throat muscles, stretch to the right and the left as if you were shaving. Do this every day and you'll have a trim jaw line in no time!

Just like in total body workouts, facial fitness exercises take time. However, if you truly want to see results on your face, try doing this once or twice a day, five times a week. You will be able to see changes in around a month or two.

Dear Mary Jane and Club Members,

Thank you all so very much for my wonderful retirement cake and plant. The lady in the bikini in the hammock on top really made it.

Most of all thank you for the great people you have been for the past 25 years. I'll continue to participate as much as I can in years to come.

Thanks for all you've given me.

Love,

Carol

Dear Sir/Madam:

The Women's Traffic & Transportation Club Inc. is a not for profit organization founded in 1933 to unite women engaged in various commercial and transportation interests in and around Baltimore.

Our Club holds monthly meetings to educate our members and guests, to assist today's women in the growing transportation industry. In an effort to give back to the community, we are involved in many programs. During the Christmas holiday season we have adopted families within our community and collected donations of food and gifts. We have collected donations for the Seafarer's Institute, an organization that assists foreign sailors whose vessels call the port of Baltimore. They are each given a box with toiletries, warm hats and gloves, and other various items so they feel welcome when they arrive at the port. We are involved in local programs such as "A Can Can Make a Difference" and each year we gather a team for the American Cancer Society's Relay for Life. Each year we give out a scholarship to a few local high school applicants who exemplify leadership and a willingness to succeed in their chose field.

Our Scholarship Program is why we are writing you today. In order to be able to give to these students we need your help. Each year we hold a Shrimp Feast in order to raise funds for this program. This year's event will be held on April 24, 2009. We are in need of donations such as tickets, gift certificates and/or merchandise that will be used for raffles and door prizes. All donations will be acknowledged in a program to be handed out at the Shrimp Feast. We would also be pleased to display any advertising material(s) you may include with your donation.

We are sure that get solicited by many worthwhile organizations throughout the year and we appreciate your consideration.

If you have any questions regarding our club or programs feel free to contact either myself or our President Mary Jane Norris at 410-633-1181.

Sincerely,

Judy Zambotti-Wall
